

**Prepaid Metering Program
Member Agreement**

I have read the information contained in Cooperative Policy 420 – Prepaid Metering Program and I agree to abide by the policy as stated and as may be updated by the Board of Washington Electric Cooperative, Inc., (hereinafter the ‘Cooperative’) from time to time. I furthermore understand that as a condition of service, my account must always maintain a positive balance, including minimum debt reduction repayments, and I waive any rights to dispute termination or limitation of electric service from the Cooperative any time my balance reaches \$0.00. I acknowledge that any disconnection for a \$0.00 balance under this program is considered a voluntary disconnection of service. I also understand that it is my sole responsibility to keep the Cooperative informed of any changes to my household, especially those affecting the eligibility requirements, such as dangerous health or medical conditions, elderly or handicapped household members, and changes in e-mail address, phone number, or other forms of communications.

By signing this agreement, I agree that the Cooperative will not be held responsible and I hereby release and agree to hold the Cooperative harmless from any direct or indirect damages, losses, liabilities, or claims arising from the disconnection or interruption of my electric service including (but not limited to) such damages, losses, liabilities, or claims relating to damage to appliances or other property and for any injuries to persons.

By providing my signature, I am expressly consenting to recurring contact from the Cooperative at the number I have provided regarding disconnection, balance, and other notices associated with the prepaid metering program via live, automated, or prerecorded telephone call, text message, or email. I understand that I will be responsible for any fees assessed by my phone carrier for receiving such text messages or calls. I also understand that the prepaid metering program is a voluntary program and that I will always maintain the right to return to the traditional billing method at any time at my sole discretion, and I further acknowledge that by converting from a prepaid metering account back to the traditional account method will immediately subject my account to any and all requirements of the traditional account, such as deposits, fees, payment of debt, or any other charges that may apply.

Furthermore, I hereby confirm that I meet the Eligibility Requirements to participate in the Cooperative’s prepaid metering program as stated in Cooperative Policy 420 – Prepaid Metering Program. I agree to notify the Cooperative immediately if I no longer meet any of these eligibility requirements.
